4.3 Resolution Approving the District's School Facilities Needs Analysis, Adopting Alternative School Fees in Compliance with Government Code Sections 65995.5, 65995.6 and 65995.7 (Prepared by Facilities/Operations Division)

With the adoption of SB 50 and Proposition 1A in 1998, school districts that meet certain requirements have the option of adopting alternative school fees (Alternative School Fees), also known as Level 2 Fees and Level 3 Fees, in accordance with Government Code Sections 65995.5, 65995.6 and 65995.7. (All further references are to the Government Code, unless indicated.) In general, Alternative School Fees, which are calculated for an individual school district, apply solely to residential construction within that school district and are in excess of the Level 1 Fee authorized by the State Allocation Board (SAB). Alternative School Fees are calculated per square foot of assessable space (Assessable Space) of new residential construction in the District as defined in Section 65995(b)(1). The Level 2 Fee is intended to represent fifty percent (50%) of a school district’s school facility costs and applies when the SAB is apportioning State Funding to school districts in California. The Level 3 Fee is intended to represent one hundred percent (100%) of a school district’s school facility costs.

In order to impose Alternative School Fees, the District must prepare and adopt a School Facilities Needs Analysis (SFNA). Therefore, pursuant to Section 65995.5(b), the District has caused the Dolinka Group, LLC to prepare a 2013 SFNA, (2013 SFNA) on behalf of the San Bernardino City Unified School District (District).

In compliance with Section 65995.6(a), the 2013 SFNA includes projections of the number of unhoused elementary, middle, and high school pupils generated by various types of new residential units in each category of pupils enrolled in the District. The projection of unhoused pupils is based on the historical generation rates of new residential units constructed during the previous five (5) years that are of a similar type of unit to those anticipated to be constructed either in the District or the city or county in which the District is located, and relevant planning agency information, such as multi-phased development projects, that may modify the historical figures. In accordance with Section 65995.6, the 2013 SFNA also contains a calculation of existing school building capacity, calculated pursuant to Education Code Section 17071.10. The existing school building capacity has been recalculated pursuant to Section 65995.6(a).

Pursuant to the 2013 SFNA, the Level 2 Fee amount has been calculated as Four and 31/100 Dollars ($4.31) per square foot of assessable space for new residential construction within the District. The Level 3 Fee amount has been calculated as Nine and 99/100 Dollars ($9.99) per square foot of assessable space for new residential construction; however, the Level 3 Fee has been suspended as set forth in Section 65995.7(a)(2).

The 2013 SFNA must be adopted by resolution following a public hearing conducted by the Board. The Board will conduct a public hearing and receive public comments relating to the adoption of the SFNA on February 19, 2013. The 2013 SFNA has been on file and available for
public review at the District’s offices since December 14, 2012. Pursuant to Section 65352.2(c), prior to the completion of the 2013 SFNA, the Board caused notice and any relevant and available information relating to the potential expansion of existing school sites or the necessity to acquire additional school sites, including a notice of the preparation of the 2013 SFNA and offered to meet to discuss this information, to the planning commission(s) or agency(ies) of the cities and counties with land use jurisdiction within the District. In addition, the 2013 SFNA was provided to the local agencies responsible for land use planning within the District for review and comment during the thirty (30) day public review period. Notice of the time and place of the public hearing, including the location and procedure for viewing a copy of the 2013 SFNA was also published in at least one newspaper of general circulation within the District’s jurisdiction not less than thirty (30) days prior to the public hearing. A copy of the 2013 SFNA was mailed not less than thirty (30) days prior to the public hearing to any person who made a written request therefor forty-five (45) days prior to the public hearing.

NOW THEREFORE, THE BOARD OF EDUCATION OF THE SAN BERNARDINO CITY UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS Follows:
Section 1. The Board does hereby find and determine that the foregoing recitals and determinations are true and correct, including not by way of limitation, its adoption of and/or responses to both written and oral comments received by the District, if any.

Section 2. The Board does hereby find and determine that the 2013 SFNA meets all applicable legal requirements, and it hereby adopts each of the findings set forth in the 2013 SFNA.

Section 3. A District Representative made a timely application to the SAB for new construction funding for which it is eligible.

Section 4. The District received notification from the SAB that the District meets the eligibility requirements for new construction funding pursuant to the provisions of the SFP.

Section 5. For purposes of Government Code Section 65995.5(b)(3): (i) the District has issued debt or incurred obligations for capital outlay in an amount equivalent to a specified percentage of its local bonding capacity; (ii) at least twenty percent (20%) of the teaching stations within the District are relocatable classrooms; (iii) a substantial enrollment of the District’s students are on a multi-track, year-round calendar; and (iv) the District has placed at least one general obligation bond measure on the ballot in the last four years, and received at least 50 percent plus one of the votes cast; and

Section 6. The District has caused to be prepared the 2013 SFNA, which is on file at the District office address and incorporated herein by this reference, which complies with all applicable statutory requirements, including the provisions of Government Code Section 65995.6.

Section 7. The Board hereby approves and adopts the 2013 SFNA for the purpose of establishing ASFF as to future new residential construction within the District, subject to the suspension of Level 3 Fees as set forth in Government Code Section 65995.7(a)(2).

Section 8. The Board finds that the purpose of the ASFF imposed upon residential construction are to fund the additional School Facilities to serve the students generated by the residential construction upon which the ASFF are imposed as provided in the 2013 SFNA and applicable law.

Section 9. The Board finds that the ASFF are hereby established as applicable to the extent set forth herein, and will be used to fund those School Facilities described in the 2013 SFNA, and such fees that these School Facilities are to serve the students generated by the new residential construction within the District as provided in the 2013 SFNA.

Section 10. The Board finds that there is a roughly proportional, reasonable relationship between the use of the ASFF and the new residential construction within the District because the ASFF imposed on new residential construction by this Resolution will be used to fund School Facilities which will be used to serve the students generated by such new residential construction in
accordance with applicable law as set forth in the 2013 SFNA, and such fees are less than an estimated actual cost of the School Facilities estimated to result from the new residential construction as set forth in the 2013 SFNA.

Section 11. The Board finds that there is a roughly proportional, reasonable relationship between the new residential construction upon which the ASFF are imposed, and the need for additional School Facilities in the District because new students will be generated from new residential construction within the District, and the District does not have sufficient capacity in the existing School Facilities to accommodate these students.

Section 12. The Board finds that the amount of the ASFF imposed on new residential construction as set forth in this Resolution is roughly proportional and reasonably related to, and does not exceed the cost of, providing the School Facilities required to serve the students generated by such new residential construction within the District.

Section 13. The Board finds that a separate fund (Fund) of the District and two (2) or more sub-funds (Sub-Funds) have been created or are authorized to be established for all monies received by the District for the deposit of Level 1 Fees, Level 2 Fees and Level 3 Fees (if applicable) imposed on residential construction within the District, as well as Commercial/Industrial Fees and mitigation payments (Mitigation Payments) collected by the District and that said Fund and Sub-Funds at all times have been separately maintained, except for temporary investments, with other funds of the District as authorized by applicable law.

Section 14. The Board finds that the monies of the separate Fund or the separate Sub-Funds, described in Section 13, consisting of the proceeds of Level 1 Fees, Level 2 Fees and Level 3 Fees (if applicable), Commercial/Industrial Fees and Mitigation Payments have been imposed for the purposes of constructing those School Facilities necessitated by new residential construction and as further set forth in the 2013 SFNA, and, thus, these monies may be expended for all those purposes permitted by applicable law.

Section 15. The 2013 SFNA determines the need for new School Facilities for unhoused pupils that are attributable to projected enrollment growth from the construction of new residential units over the next five (5) years, based on relevant planning agency information and the historical generation rates of new residential units constructed during the previous five (5) years that are of a similar type of unit to those anticipated to be constructed within the District, and/or the County.

Section 16. The Board has identified and considered, and/or subtracted, as set forth in the 2013 SFNA, the following information in determining amounts of the Level 2 Fees and Level 3 Fees:

(a) any surplus property owned by the District that can be used as a school site or that is available for sale to finance school facilities pursuant to Government Code Section 65995.6(b)(1);
(b) the extent to which projected enrollment growth may be accommodated by excess capacity in existing school facilities pursuant to Government Code Section 65995.6(b)(2);

(c) local sources other than fees, charges, dedications, or other requirements imposed on residential construction available to finance the construction of school facilities needed to accommodate any growth in enrollment attributable to the construction of new residential units pursuant to Government Code Section 65995.6(b)(3); and

(d) the full amount of local funds the Board has dedicated to facilities necessitated by new construction, including fees, charges, dedications or other requirements imposed on commercial or industrial construction pursuant to Government Code Section 65995.5(c)(2).

Section 17. The Board has calculated, as set forth in the 2013 SFNA, the maximum square foot fees, charges, or dedications to be established as ASFF that may be collected in accordance with the provisions of Government Code Sections 65995.5(c) and 65995.7(a).

Section 18. Notice and relevant and available information relating to the potential expansion of existing school sites or the necessity to acquire additional school sites, including notice of a proposed meeting regarding such information, was provided to City and County planning officials or agencies with land use jurisdiction within the District prior to the completion of the 2013 SFNA.

Section 19. Section 22. Notice of the time and place of the Hearing to adopt the 2013 SFNA, including the location and procedure for viewing or requesting a copy of the proposed 2013 SFNA has been published in at least one newspaper of general circulation within the jurisdiction of the District at least thirty (30) days prior to the Hearing.

Section 26. The Board hereby adopts ASFF and establishes the ASFF on new residential construction projects within the District in the following amounts:

(a) Pursuant to Government Code Section 65995.6, Level 2 Fees in the amount of Four and 31/100 Dollars ($4.31) per square foot of Assessable Space for new residential construction, including new residential projects, manufactured homes and mobilehomes as authorized under Education Code Section 17625.

(b) Pursuant to Government Code Section 65995.7, Level 3 Fees in the amount of Nine and 99/100 Dollars ($9.99) per square foot of Assessable Space for new residential construction, including new residential projects, manufactured homes and mobilehomes as authorized under Education Code Section 17625.

(c) However, these amounts shall not be imposed on any construction project used exclusively for housing senior citizens, as described in Civil Code Section 51.3, or as described in subsection (k) of Section 1569.2 of the Health and Safety Code or paragraph 9 of subdivision (d) of Section 15432 of the Government Code or any mobile home or manufactured home that is located within a mobilehome park, subdivision, cooperative or condominium for mobilehomes limited to older persons as defined by the Federal Fair Housing Amendments of 1988. Additionally, Level 3 Fees shall not be levied by the District until authorized by Government Code Section 65995.7(a)(2).

Section 27. ASFF, upon adoption and during the effective period thereof, are applicable to residential construction in lieu of Level 1 Fees in accordance with applicable law, except that Level 3 Fees are suspended pursuant to Government Code Section 65995.7(a)(2).

Section 28. Section 29. The Superintendent, or designee, is directed to cause a copy of this Resolution to be delivered to the building officials of the affected cities and county within the District’s boundaries, along with a copy of all the supporting documentation referenced herein, and a map of the District clearly indicating the boundaries thereof, advising such entities that new residential construction is subject to the ASFF increased pursuant to this Resolution, and requesting that no building permit or approval for occupancy be issued by any of these entities for any new residential construction project, mobilehome or manufactured home subject to the ASFF absent a certificate of compliance (Certificate of Compliance) from this District demonstrating compliance of such project with the requirements of the ASFF, nor that any building permit be issued for any nonresidential construction absent a certification from this District of compliance with the requirements of the applicable ASFF.

Section 30. The Superintendent, or designee, is authorized to cause a Certificate of Compliance to be issued for each construction project, mobilehome and manufactured home for which there is compliance with the requirement for payment of the ASFF in the amounts specified by this Resolution. In the event a Certificate of Compliance is issued for the payment of ASFF for a construction project, mobilehome or manufactured home, and it is later determined that the statement or other representation made by an authorized party concerning the construction project as to square footage is untrue or in the event the zoning is declared invalid, then such Certificate of Compliance shall automatically terminate, and the appropriate City or County shall be so notified.

Section 31. Regarding the timely provision of a Certificate of Compliance by the District for residential construction, although not required by applicable law, the Board hereby determines that the 2013 SFNA is a proposed construction plan for purposes of requiring payment of ASFF prior to the issuance of any building permit for new residential construction in accordance with Government Code Section 66007, and that all ASFF are appropriated for the purpose of accomplishing such construction plan.

Section 32. No statement or provision set forth in this Resolution, or referred to therein shall be construed to repeal any preexisting fee or mitigation amount previously imposed by the District on any residential or nonresidential construction.

Section 33. If any portion or provision this Resolution is held to be invalid, the remaining provisions of this Resolution are intended to be and shall remain valid.

Section 34. If the Level 2 Fees and/or the Level 3 Fees are held to be invalid (other than the suspension under Government Code Section 65995.7(a)(2)), Statutory School Facility Fees, in amounts determined by applicable law at such time, are intended to be, and shall remain, in full force and effect.
Section 35. The ASFF adopted by this Resolution shall take effect immediately upon such adoption and shall be effective for a maximum of one (1) year, subject to the suspension of Level 3 Fees as set forth in Government Code Section 65995.7(a)(2).

SESSION SEVEN - Administrative Reports

7.0 Administrative Reports

7.1 Realignment of Elementary School Boundaries  
(Prepared by Facilities/Operations Division)

As the Board of Education is aware, the District will be opening four new elementary schools effective 2013-2014 school year: George Brown Jr., Graciano Gomez, Dr. Mildred Dalton Henry, and Little Mountain. Because of this, the elementary school boundaries must be realigned. This new alignment will help to reduce populations of other schools and benefit students by keeping them at neighborhood schools, many within walking distance. Facilities Management assessed the new boundaries based on several factors:

- proximity
- safe travel
- local neighborhoods
- reduce/eliminate capping
- reduce impact on home-to-school busing

Facilities staff will also make any minor realignments to the elementary boundaries when appropriate, due to new information and fluctuations in student population.

High Schools, per Board approval on April 20, 2010, of the new change order approval procedures.

- Angeles Contractors, Inc., Buena Park, California - HVAC Upgrades

Due to state-mandated furlough days and increased workloads at the DSA, the District has experienced significant delays with approval of the change orders and the County District Financial Services will not pay change orders until all DSA approvals have been received, which has taken as long as a year and is resulting in financial penalties to the District. County Counsel has reviewed and advised Board approval is needed in order to avoid payment of penalties for completed construction projects. Certain controls are in place to ensure the compliance to code for these pending change orders.

BE IT RESOLVED that the Board of Education approves processing of payments for change orders pending Division of State Architect (DSA) approval for the following contractor for the Group C, HVAC Upgrades at Cajon, Pacific, and San Bernardino High Schools: Angeles Contractors, Inc., Buena Park, CA, per Board approval on April 20, 2010, as follows:

- The Architect, DSA Inspector of Record (IOR) and Contractor shall provide certification that all work pertaining to the pending change orders has been completed in compliance with all of the plans and specifications and applicable codes.

- The District will validate that the work pertaining to the pending change orders is satisfactorily completed.

- The Contractor will provide, with the application for payment, the above certification signed by all parties.

- If the DSA does not approve the change orders that were submitted and the payments have been released using this procedure, any potential fixes arising from DSA corrections to these change orders would have to be paid by the District which would, in turn, seek remedies through the Architect, IOR or Contractor.
